

Spectator Responsibilities

Spectators need to self assess using an online screening tool (<https://covid-19.ontario.ca/self-assessment/>)

Ensure physical distance from participants and between spectators

Spectators are encouraged to bring their own chairs for personal use. Masks are encouraged to be worn if within 2 meters of someone outside of their household. The stands may be used but physical distancing is still required.

Spectators are encouraged not to wander to other areas of the park in which the diamond is located

Ensure that you do not enter the spectator area until your team does. There is a time line that needs to be enforced (30 minutes) between practices /games for cleaning purposes and so crossover of players does not occur.
