It's Fun!

*Exeter Minor Baseball
is looking for some
new umpires for the
2021 season.*

Why become an umpire?

It's a chance to stay active in baseball and give something back to the game. Get the "Best Seat in the House", and meet some great people with a part-time summer job.

What does it take?

- Willingness to learn and gain experience
- Love of the game
- Confidence and pride
- Hustle, physical and mental alertness

- A sense of fair play and impartiality
- Must be 12 year of age
- Umpires over the age of 18 will require a Vulnerable Sector Check

How much does it pay?

Pay is based on the level of baseball officiated.

The higher the level of ball, the higher the level of pay.

What does it cost?

Each umpire must go through an annual umpire clinic. Clinics take place in the spring and vary in length depending on the clinic level. Each umpire must supply their own strike counter.

What will Exeter Minor Baseball do for me?

Ensures that clinics are run by Exeter Minor Baseball and Baseball Ontario approved clinicians. When at all possible, you will be paired with more experienced umpires to help you with any on-field concerns that might arise. Exeter Minor Baseball ensures you are paid after each game throughout the season.

How do I get started?

Email Michelle Kingma to register.
